

**Let's talk about
training events**

Guidance for mental health support services
about the effects of smoking on mental health.

**Training for Trainers: the IMPACT of smoking
on mental health (including its medications)**

We have a FREE training opportunity just for you!

This course will enable you to deliver training about the effects of smoking on mental health (and its medications), and is intended for use in either third-sector support organisation or NHS mental health settings.

One hour of self-directed e-learning to be completed prior to attending the face-to-face session (six hours). Further details available from the contact below.

Date: Wednesday / 14th / November / 2018
(10:00-16:00)

Venue: Blide Trust
